

## **Call for workshop contributions**

### **Workshop Sustainability and advancement of mentoring programmes**

#### **LMU München, 8-9 October 2012**

The workshop is based on key inputs by invited speakers and contributions by participants. Thematic discussion groups will provide further opportunity to develop strategies and solutions. Contributions by participants are organised in thematic tracks. The maximal length for participants' inputs is 10'

To facilitate the comparison of examples and discussion, we suggest you to structure your inputs according to topics outlines below.

A professional moderator will lead the discussion and enhance the exchange among participants.

#### **Thematic tracks**

##### **Human Resource Development through cooperation between mentoring programmes and other actors / measures in the field of promotion for young academics**

- Presentation of Programme
